SAVE ENERGY, COST AND TIME

HUURRE iTOP

HUURRE iTOP –YOUR PARTNER IN QUALITY ASSURANCE

Huurre iTOP is an ideal solution for business-critical condition monitoring in laboratories and pharmaceutical industry. Easy to implement, scalable and remote-controlled, the service ensures that pharmaceuticals and samples are under reliable and safe monitoring around the clock.

Benefits of the Huurre iTOP service:

- + Saves time – Monitors, reacts and reports on your behalf
- + Saves cost – Minimises loss, decreases manual recording and unnecessary service visits
- + Saves energy – Benefits economy and environment
- + Gives peace of mind – Facilitates equipment management and improves product and sample safety
